**6.5.1 Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes**

**Response:**

**Example 1. Students Feedback**

IQAC has planned to sustain Institutional programmes. Accordingly, to enhance quality and to know about the requirements of the students for their overall development, the IQAC has developed its own online system of inviting feedback from the students on various aspects of the college. Feedback suggestion box is arranged for the students who are reluctant to give open feedback. The Institution has devised & implemented online 'Feedback regarding the climate of the college' on such aspects as:

1. College b) Curriculum c) Classroom Interaction d) Laboratory e) Examination f) Library g) Hostel.

This feedback provides an opportunity to the students for giving their observations and suggestions for further developments & better results. The students can mention the strengths & weaknesses of the

Institution as provided in the Feedback format. Teacher wise specific impressions are given by the students on an objective basis. Accordingly, the institution has taken measures and strategies for quality assurance & enhancements. Library hours have been extended beyond the normal hours for PG students. More teachers have been appointed as per the suggestion of students. Different outreach activities have been undertaken. Thus the system of feedback has proved to be largely successful. The feedback has given more strength to the institution to overcome the impact of threats. The students' feedback has helped this institution to evolve the appropriate strategy for quality education.

**Example 2. Parents-Teachers meet**

The goal is to establish a linkage between the parents and the institution. The college has wanted to get feedback from the parents of the students about the functioning of the institution and how to improve the academic process.

The feedback received from the parents has been invaluable in framing departmental as well as college plans. Parents are apprised of the performance of their wards namely, their attendance in the classes, the percentage of marks obtained in the class test and internal assessment, their conduct, etc. Parents are also informed about the existing facilities (Academic, Administration & extracurricular activities) available in the college and to what extent these facilities are availed of by the students. Parents also pointed out the problem of their wards. The parents have suggested some measures for the improvements of their wards and for the betterment of the institution:

- To introduce value-added education in the college like Communicative English.
- To introduce career grooming and stress management programs.
- To take measures for more facilities in the Library.

The classes of Spoken English have been arranged on an optional basis by the college at a nominal fee with the assistance of 'Veta communication classes'. As demanded by the students and their parents, the college has ordered more books for pharmacy subjects as per the suggestions of the parents, the college has taken some measures as far as practicable and successes in some areas are noteworthy.
