SSM College of Pharmacy and
Research Centre, VIJAYAPUR

INTRODUCTION

BLDEA's SSM College of Pharmacy and Research Centre endorses as a basic principle of life, the concept of responsible student freedom, which carries with it the recognition by each student community. The college encourages students to conduct themselves as mature men and women.

BLDEA's SSM College of Pharmacy and Research Centre also expect its students to abide by local, state, and federal laws, as well as by generally accepted moral standards. Although the institute's role is not to duplicate civil law enforcement or conduct action, it may exercise authority for reasons appropriate to its function as an educational institution.

In keeping with its historic concern for students individually and corporately, BLDEA's SSM College of Pharmacy and Research Centre has a legitimate interest in their welfare in and out of class, on campus and off. The institute is concerned with student actions that are inconsistent with obligations to the educational community. When, in the opinion of the institute, the conduct of a student at any place is reprehensible or detrimental to the best interests of that student, his or her fellow students, or the institute, appropriate disciplinary action will be taken.

The institute is concerned with the conduct of students beyond the physical boundaries of the campus. For many reasons, including the inability to control all off-campus behavior, it does not assume supervisory responsibility for off-campus activities. Nor does the institute seek or support special treatment for its students who may be apprehended for violation of civil law.

Frequently, students attend or participate in events sponsored by or hosted by student organizations at other colleges. Sometimes student groups co-sponsor events with groups at other colleges. BLDEA's SSM College of Pharmacy and Research Centre students and groups must adhere to institute policies and rules on such occasions. Where officials of another college or university notify BLDEA's COP of incidents giving rise to a claim of a code or social rule violation, the case will be processed through the BLDEA's SSM College of

Pharmacy and Research Centre. Although great responsibility rests on the student for his or her own conduct.

Personal Conduct. All members of the BLDEA's SSM College of Pharmacy and Research Centre strive to live in and promote an atmosphere that not only recognizes individuality, but also fosters collegiality, respect for the rights and privileges of others, and responsibility for individual and group actions. When these expectations are not met because of individual or group actions, it is the responsibility of the conduct system and/or the institute to determine the nature and extent of infractions, and to seek fair, consistent, and equitable sanctions.

Students should be mindful of the institute's expectations regarding their academic and social behaviors. The institute will continue to discourage repeat violations by various means including imposition of additional sanctions for prior violations, loss of on-campus housing, suspension, or expulsion
